

TO ASSEMBLE THIS,
YOU'LL NEED THE
FOLLOWING TOOLS:

4MM ALLEN KEY
(THERE'LL BE ONE IN YOUR
TOOL BOX)

OR YOU MAY PREFER
TO USE AN ELECTRIC
OR BATTERY DRILL
WITH A 4MM ALLEN BIT

1

First, join two of the
leg frames together
using two of the
40mm M6 bolts.

2

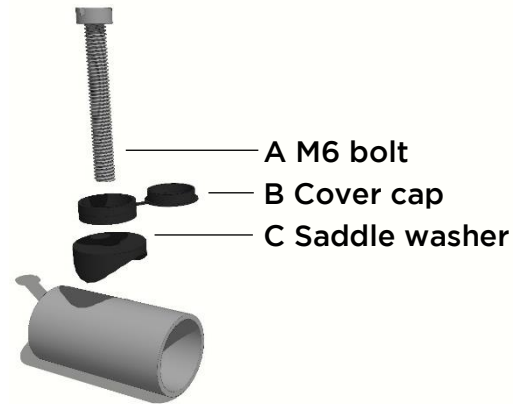

Next, add the third leg
frame using four of the
40mm M6 bolts. Then
knock in the six domed
bungs on the ends of
all leg frames.

3

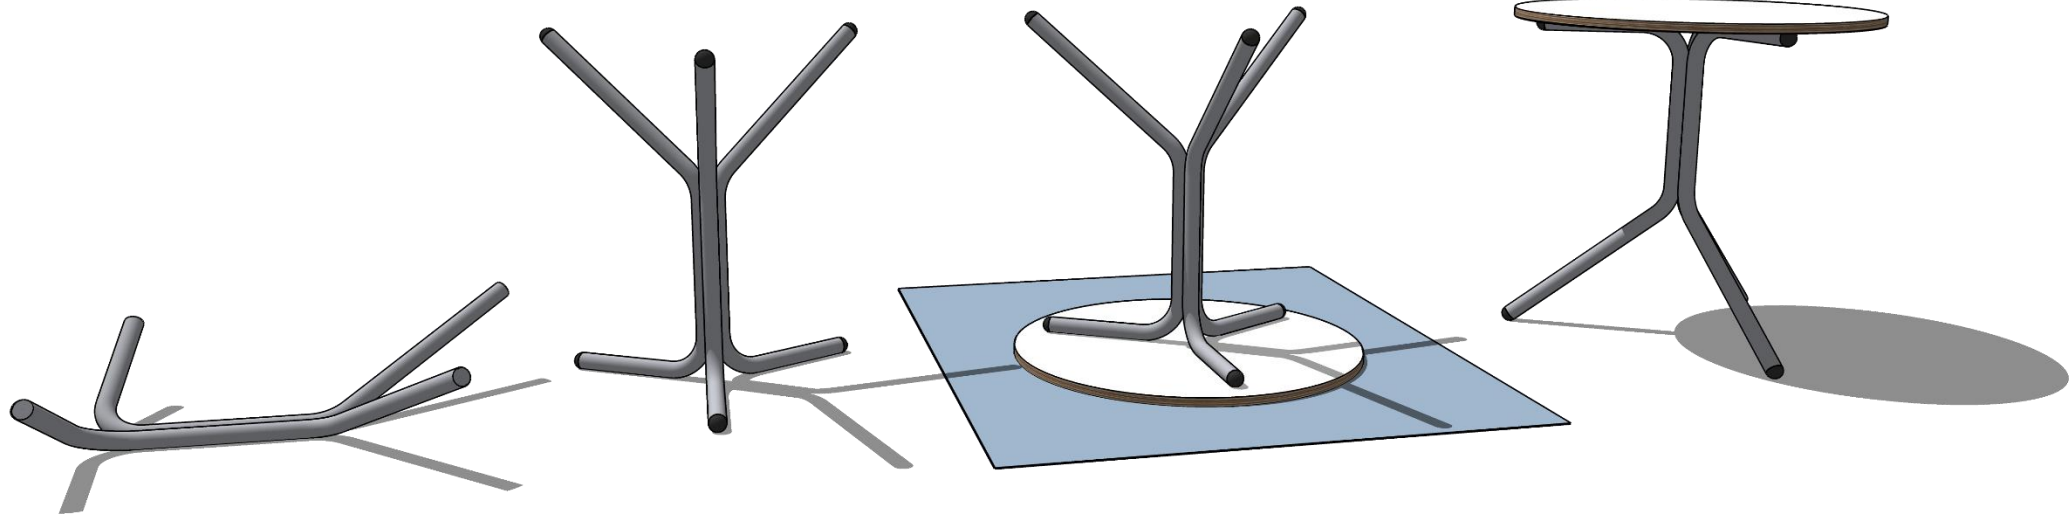

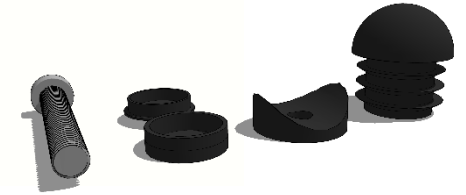

Lay the worksurface
upside down on the floor
and fix the assembled leg
frame to it using the bolts,
saddle washers and cover
caps as above.

4

Turn the table over and
give it a quick wipe.
Remember to consult
the LearningSurface®
care pack to look after
the dry-wipe top.

A 12 x 40mm M6 bolts
B 6 x cover caps
C 6 saddle washers
D 6 domed bungs

We recommend you put an old blanket or
something similar on the floor to make sure
you don't scratch the worksurface.
